We don't know if these subtrades and suppliers will offer the lowest prices however they have indicated they want to provide preferred pricing. Input Housing is not stipulating the companies identified above must be used. The list we have provided is not a comprehensive list of interested parties. We are aware of other subtrades who have learned about our idea and have expressed an interest to be part of this project. We trust you will select the lowest bidders or as you see fit.

Thank you for your interest in our project.
